About RAPS

- We are a family-owned company with over 100 years of blending expertise – both dry and liquid.
- We leverage cutting-edge technologies such as microencapsulation, fresh technology, and CO_2 extraction.
- With close to 900 employees worldwide, we process more than 1,700 raw materials across our seven European production sites.
- With 16 subsidiaries and a global distribution network, we combine international reach with local expertise to produce 40,000 tons of high-quality food ingredients annually.
- Our internal logistics hub manages up to 1,000 daily deliveries to more than 80 countries worldwide.

Acting responsibly – Sustainability at RAPS

We believe that meaningful change begins with bold action. Through our various sustainability initiatives, we are committed to transforming our operations to be more environmentally conscious, socially responsible and economically resilient.

This involves reducing emissions and optimising energy use, as well as fostering innovation in sustainable sourcing and production – our roadmap to a better tomorrow.

Let's build what's next – together.
