RAPS

FOODSERVICE RANGE

“Variety is the spice of life.”

Great taste is never a coincidence: it is the result of experience, innovation, and the right ingredients. That is what RAPS stands for.

Our foodservice range is designed to support professionals in their daily operations: with solutions that simplify processes, ensure quality, and enable culinary diversity. Whether in foodservice, butcheries, or catering services, RAPS offers a powerful portfolio that promotes creativity and delivers efficiency.

From finely balanced spice blends and distinctive marinades to sauces, toppings, and selected compounds, our products deliver taste to perfection: intense, authentic, and reliable in every application.

We take a holistic approach to taste. International trends meet regional preferences, modern applications meet artisanal standards. The result: versatile culinary solutions for front cooking, buffets, counters, production, or BBQ concepts, all developed to impress when it matters most: in taste.

With over 100 years of experience, technological expertise, and a clear focus on the future, RAPS is your partner for professional ingredient solutions. For consistently high quality. For secure processes. And for products that make the difference.

Discover our range – developed for professionals, made for pleasure.

TEXTURIZERS

Texture brings taste to life. Our texturizers open up new culinary possibilities: from creamy to airy, from fluid to stable. For surprising consistencies and modern presentations that leave a lasting impression.

	ART.	REFERENCE	INGREDIENTS FLAVOUR	USAGE RATE PER KG/L	CONTENT	PACKAGING	
	1862314-001	**EMULZOON** Emulsifier and stabilizer. Emulzoon contains GMO-free soya lecithin (E322) as an emulsifier (binding fat and water). Emulzoon can be used for fat-based dressings (e. g. vinaigrette) or mayonnaise but also for production of fluffy foams with an aromatic pleasant mouth feel. Contains: SOYA	emulsifier SOYA lecithin E322, maltodextrin	Mix 3 to 4 level spoons Emulzoon with 200 ml cold or hot liquid (stock, juice, etc). Mix the liquid with an electric mixer on the highest level until it is foamy. Remove the foam from the surface. Repeat the mixing process, add more Emulzoon if required.	0.3 kg	container	[F]
	1865218-001	**GELEAINSTANT COLD** Can be stirred into cold vegetable or meat preparations. Heating is not necessary. Suitable for freezing.	maltodextrin, gelling agent methyl cellulose, gelling agent carrageen, thickener xanthan, gelling agent agar agar, thickener guar gum, acidity regulator calcium lactate	Puree approx. 750 g vegetables (frozen, blanched or cooked) with 250 g liquid (stock, bouillon, sauce). Then fold in 30 to 40 g GELEAcold (depending on the desired consistency). Use a piping bag to fill the mix into the forms. Distribute the mix in the form with the cover. Freeze the filled forms (-18°C). Remove the frozen pieces from the forms, re-heat and serve. Finished!	1.5 kg	tub	[---]
	1865136-001	**GELEAINSTANT HOT** SeneoPRO Gelea Insant is used for gelling pulpy food products. Meat or vegetables can be pureed and formed into a jelly with Gelea Instant Hot and soup or water and poured into moulds. Thus, appetizing and easily digestible dishes can be prepared for people with swallowing problems.	maltodextrin, gelling agent agar agar, thickener xanthan	Puree the desired ingredients and bring to the boil. Add Gelea Instant Hot, mix thoroughly and fill into the desired mould. Allow to cool, remove from the mould and re-heat.	0.15 kg	container	[---]
	1865135-001	**SPUMAINSTANT** Universal mix for preparation of foams from fruit juices, vegetable or meat extracts and other liquids up to an oil percentage of 50%. Simply add the powder to the desired liquid and whisk with a cream siphon or hand mixer. 110 g can for up to 100 servings.	maltodextrin, gelling agent methyl cellulose, thickener xanthan	Add 1 to 2 measuring spoons SPUMAinstant together with 500 ml liquid into a cream siphon or a bowl. Either foam the mix with a cream siphon after shaking with a cream charger or whip with an electric mixer.	0.11 kg	container	[---]
	1865506-001	**VISCOINSTANT CLEAR** Natural powder blend for thickening liquids. Place the required amount of powder into a container, add liquid, stir briefly - finished. Flavourless, thickens in just 5 minutes.	maltodextrin, thickener xanthan, carrier erythritol	Place the required amount of powder into a glass (1 dosage spoon - syrup-like consistency, 2 dosage spoons - honey-like consistency, 3 dosage spoons - pudding-like consistency). Then add 100 ml liquid and stir slowly until the powder has completely dissolved. Allow the mix to thicken for 5 to 10 minutes until the desired consistency is reached.	0.25 kg	container	[---]
	1862317-001	**XANTHAZOON** Thickener and stabilizer. Xanthazoon consists of xanthan (E415). For thickening and stabilizing dressings, sauces, beverages, milk products, fruit preparations and ice cream. Xanthazoon is soluble in cold and hot liquids and maintains the viscosity of the products over a wide temperature range.	thickener xanthan (E415), maltodextrin	Dissolve 2 level spoons Xanthazoon in 300 to 400 ml cold or hot liquid (stock, juice, etc). The sauce or dressing can also be foamed by using a cream siphon. We recommend a combination with Celluzoon for production of stable foams.	0.3 kg	container	[---]
